OneSight is an independent nonprofit and a registered 501(c)(3) committed to empowering sight, and achieving a world where access to vision care is no longer a barrier to human achievement. Through our work providing access to quality eye care and eyewear in underserved communities worldwide, we help fuel people’s potential by helping them see clearly. Since 1988, OneSight has partnered with local health organizations, governments, school districts, industry leaders, doctors and volunteers to help more than 9 million people in 46 countries.

2016 HIGHLIGHTS

Last year, OneSight hosted 231 local, regional, and global clinics that provided needed eye care across 5 continents and established new vision care access for 3 million people.

CHARITABLE PROGRAMS

OneSight hosted charitable vision clinics in Brazil, China, Mexico, Nicaragua, Peru, Thailand, the US, and Vietnam. Volunteers also provided charitable care in Tanzania for the first time in 20 years and held a vision care clinic in Zambia for the first time in OneSight’s history.

SUSTAINABLE INITIATIVES

In 2016 OneSight celebrated the opening of its twenty-fifth vision center, bringing the total number of people with access to 5 million across the US, China, India, The Gambia, Rwanda, and Zambia.

THE GAMBIA

2016 marks the year every person in The Gambia gained access to vision care with the completion of the seventh and final sustainable vision center. While there is still significant progress to be made in ending the global vision care crisis, this benchmark proves we’re well on our way.

ONESIGHT SCHOOL-BASED VISION CENTERS

OneSight launched the Focus on Sight grant program to provide permanent year-round access to vision care and glasses for underserved students and their families. In partnership with the School-Based Health Alliance, OneSight helps to integrate vision care into school-based health programs by providing grants and vision care expertise. Grants will be awarded to five selected applicants based on their history of managing a school-based health center, their focus on sustainability, and the need within the community they are serving.

**Total Income**: 1,397,985

*Including investment gains and losses*

Total income surplus includes eyewear inventory donations that will be utilized in future years. Inventory consists of donated reading glasses, frames, lenses and sunglasses. Donated inventory is recorded at weighted-average fair value. The fair value of donated inventory is recognized in revenue as in-kind contributions in the statement of activities and changes in net assets (see independent Auditor’s Report for 2016).
