

# WHY GIVE TO ONESIGHT

## 1 IN 7 PEOPLE NEED GLASSES BUT HAVE NO WAY TO GET THEM

As a non-profit we exist to fill that gap and have been doing so for more than 30 years. We have a plan to end this problem for good for individuals, communities, and whole countries through a combination of short-term and long-term solutions. But we can't do it alone. We need the help of people just like you and your colleagues to make it a reality.

## WHY GLASSES?

Glasses do way more than help people see better—glasses help them live better.

- Students can see their classwork, and a better future.
- Adults can earn more and provide better for their families.
- Glasses are a way to help level the playing field; they provide an immediate, tangible change as soon as someone puts them on.
- Glasses may seem like such a simple thing, but the benefits they provide are profound.

## HOW CAN YOU HELP?

Setting up a recurring payroll donation to OneSight through employee giving provides a stable stream of support for programming close to home and across the globe. You will be helping to fund free temporary vision clinics as well as permanent vision centers that can serve millions with affordable vision care for the foreseeable future.

## WHO WILL I BE HELPING?

Together we serve people from all walks of life, but who have one thing in common: they need glasses but have no way to get them. They come from all walks of life: bus drivers, farm workers, or even school-aged children like Matt from Kansas City who was so shy before he got glasses that he barely spoke to anyone

**TOGETHER, WE CAN FUEL THE WORLD'S POTENTIAL**  
*BY GIVING PEOPLE THE GIFT OF SIGHT*

## ABOUT ONESIGHT

Download the form here OneSight imagines a world where access to vision care is no longer a barrier to human achievement and possibility. Our mission is to improve lives by creating access to quality vision care and eyeglasses in underserved communities worldwide with the goal of eradicating the global vision care crisis in our lifetime.

Since our founding in 1988, OneSight has made quality vision care services available to individuals in 54 countries and 49 states within the United States through our longstanding partnership with Luxottica.
