

OneSight Ambassador Overview and Expectations

Today, 2 billion people around the world suffer from poor vision. Of that, 1.1 billion people do not have access to an eye exam and a pair of glasses. OneSight is the leading global nonprofit organization dedicated to closing this vision care gap and creating a world where lack of access to vision care is no longer a barrier to human achievement and potential.

OneSight changes lives, communities and hearts for good through the power of clear sight. From one-day charitable clinics, serving those with acute need, to long-term self-sustaining vision centers, OneSight delivers quality eye exams and glasses to underserved populations throughout the United States and communities around the world. Over the past 30 years, the organization has served over 10 million patients in more than 50 countries and is dedicated to reaching the 1.1 billion people in need of eye exams and glasses through proven and scalable programming.

Ambassador Role

Ambassadors are leaders in vision care who represent OneSight and actively work to solve the vision care gap in their backyard and around the world. They share the OneSight story and invite others to join the cause. Ambassadors are empowered to choose a challenge and engage others by focusing on one of three priority areas: raising awareness, driving fundraising and delivering care.

Who is eligible to be an Ambassador?

All EssilorLuxottica employees are eligible to apply for an Ambassadorship. This is a volunteer role, but employees should have support from their managers to participate.
